American Recovery and Reinvestment Act “Buy American” Provisions

January 1, 2012

This should serve as documentation that all GeoSmart Energy Inc. geothermal products are produced or substantially transformed in the United States by WFI Manufacturing and are eligible for use in projects funded by the American Recovery and Reinvestment Act (ARRA) as outlined in section 1605.

WFI Manufacturing is known for its outstanding performance, innovative technology, and quality geothermal products. Our headquarters and factory are located in Fort Wayne, Indiana.

A handwritten signature in black ink, appearing to read "John Groulik".

John Groulik
Executive Vice President,
WFI Manufacturing
